Subject: Bus for

Good evening and Tyson.

I just spoke to the Mayor who advises that he is trying to make alternative transportation arrangements for the medical staff who use the Tunnel to get to work, in the event that the truck convoy tries to block the Tunnel.

I am advised that the plan is to station a Transit Windsor bus on the Windsor Tunnel Plaza in the Duty Free Shop parking lot.

I am copying Christian Fairey who is the on shift Tunnel Supervisor. Please advise if you need any assistance on our end and when we can anticipate that the bus will be on site at the Tunnel.

Thanks and Regards
